

KWS GATANO

Hybrid Fall Rye

Western Canada's Best-Selling Hybrid Fall Rye

KWS Gatano is the number one seeded hybrid fall rye in Western Canada. This trusted hybrid has been the main choice for the new generation of rye growers. KWS Gatano brings an outstanding combination of enhanced ergot resistance and consistently high yields, making it the most popular hybrid fall rye variety among growers.

Highlights

- Consistently high yields, 130%* of Hazlet
- Enhanced Ergot Resistance
- Good quality for all markets
- Contains the KWS Pollen Plus® characteristics
