# AB HAGUE

## 2 Row Feed Barley

### Alberta Bred for Alberta Beef

AB Hague is a top-yielding feed & forage line developed by Field Crop Development Centre, Olds College. Averaging 106% of CDC Austenson, with an MR for FHB, excellent forage quality, standability equal to the strongest checks and incredible drought tolerance, AB Hague is a home grown solution for Alberta's tough conditions.

### Highlights

- High yielding, 114%\* of checks
- Superior drought tolerance shown in 2018
- Strong disease package including MR to FHB
- Excellent forage quality resulting in increased average daily gains and reduced costs

#### HAGUE, Harold

Read Harold Hague's full bio at [sasklegion.ca](http://sasklegion.ca)  
Harold was born in 1921 in Earl Grey, SK. He joined the Royal Canadian Navy and served during the Battle of the Atlantic and on D-Day. Harold was a member of the Royal Canadian Legion Regina Branch #001 for more than 70 years and was President of Saskatchewan Command.

#### WWII

FP Genetics is proud to partner with The Royal Canadian Legion, Saskatchewan Command and the work they do serving Veterans and their families; for that reason, many of our certified seed varieties bear the names of Veterans in honour of their service to our country.
